My vision is for a citizen hub/'home' base, a purpose built building with adaptable learning spaces in the centre, surrounded by library 'rooms'/spaces. Set amongst the significant trees, with an updated inclusive playground & Dudley Creek in the background.

- Civic managed facility, citizen hub, new purpose built/bigger Shirley Library with Learning/Meeting Spaces, located within the Innes Ward, which currently has no suburban Christchurch City Library. At 30 June 2018, there were an estimated 24,700 people living in Innes ward. This was 6.4% of Christchurch City's population. (https://ccc.govt.nz/culture-and-community/statistics-and-facts/community-profiles/papanui-innes/innes-ward)
- 'Residential feel' to fit into the neighbourhood & incorporate some heritage design as this location is next to the Dudley Character Area. (https://ccc.govt.nz/assets/Documents/Consents-and-Licences/resource-consents/Forms/Character-Areas/Dudley-Design-Guide-2019.pdf)
- Inclusive: day & night opening hours, available 6 or 7 days, adjustable learning/meeting spaces, that can be booked & utilized by everyone, residents can just be in the space (home away from home, our communities 'living room') without having to attend an activity/event.
- Accessible: Onsite & street parking, location has bus stops on Shirley Road, multiple bus routes arriving/leaving at regular intervals.
- Alternative Waipapa/Papanui Innes Community Board meetings location, so Innes ward residents can have easier access to participate. (<a href="https://www.ccc.govt.nz/the-council/how-the-council-works/elected-members/community-boards/papanui-innes/">https://www.ccc.govt.nz/the-council/how-the-council-works/elected-members/community-boards/papanui-innes/</a>)

'Shirley Road Central': The idea for this group came about while advocating for a new centre at 10 Shirley Road. We can't keep waiting for it to be built, because what could happen inside this building, is needed now: a citizen hub for community connections, community directory, sharing resources, promoting activities/events/organisations, community education...so instead of waiting for a 'physical' building to be built, we are creating an online community first, to connect communities around Shirley Road: Shirley, Dallington, Richmond, Edgeware, St Albans & Mairehau. The zone provides principally for low to medium density residential housing. In most areas there is potential for infill and redevelopn higher densities than those for the Residential Suburban Zone.

The reasonable Medium Density Zone is located close to the central city and around other large commercial centres across the city. The zone provides for townhouses, terraced housing, apartment buildings and encourages comprehensed evelopment of multiple adjacent sites. Smaller and shared outdoor living spaces are acceptable within this zone. Zone standards and assessment matters manage the amenity, quality and function of new residential development within this zone. ine is located close to the central city and around other large

EnviroSchools, CCC Have Your Say Consultation: Engagement Feedback for 10 Shirley Road Report

- EnviroSchools

"Our kaupapa guides all that we do and is embodied in five guiding principles that underpin the whole Enviroschools journey:

- 1. Empowered Students: are enabled to participate in meaningful ways in the life of their early childhood centre or school. Their unique perspectives are valued for the knowledge and insight that they bring, and they are supported to take action for real change.
- 2. Learning for Sustainability: recognises the types of teaching and learning that use connecting experiences to develop holistic and ecological perspectives, foster student enquiry, decision-making, action, and reflection, and create sustainable outcomes.
- 3. Māori Perspectives: honours the status of tangata whenua in this land and the value of indigenous knowledge and wisdoms in enriching and guiding learning and action.
- 4. Respect for the Diversity of People and Cultures: acknowledges the unique gifts, contributions and perspectives of individuals and groups, reinforcing the value of participatory decision-making and collaborative action.

5. Sustainable Communities: act in ways that nurture people and nature, now and in the future, to maintain the health and viability of our environment, society, culture and economy."

- "We have asked and talked to you about this before, and we acknowledge the work that has been done."

There are many residents who have voted for community board members & councillors, signed petitions, filled in surveys, attended meetings, made written/verbal submissions to the CCC LTP & Annual Plan...who feel like their voice is never listened to.

How many ways/times do residents have to keep asking for a new centre to be built on 10 Shirley Road?

Online Petition: <a href="https://www.change.org/p/christchurch-city-council-a-community-centre-for-north-richmond-shirley-mairehau-edgeware-st-albans-east">https://www.change.org/p/christchurch-city-council-a-community-centre-for-north-richmond-shirley-mairehau-edgeware-st-albans-east</a>

- "Due to Council's financial situation it is not expected in the short term that funding will be available, however the Board would like to see the site being used by the community."
- 1. What happened to the plan for a "Council funded facility at 10 Shirley Road utilising the Tranche 1 allocation of \$2.52m"?
- 2. Where are the development contributions for our suburbs "to recover the costs of providing future growth capacity for facilities such as swimming pools, sports centres, libraries", being invested back into our communities?
- 3. Our suburbs have had a significant increase to our population due to new residential/infill housing/social housing since the CCC District Plan has been changed after the earthquakes, but no new community facilities are on budget in the proposed CCC LTP plan?
- 4. Could the sale proceeds of the "potential Disposal of Council Owned Properties": 114 Hills Road, 219A Hills Road, 79 Slater Street & 81 Slater Street, be invested in building a new centre at 10 Shirley Road?

- Suggestion: Community Gardens/Food Forest?

We already have two well established local community gardens:

https://www.facebook.com/groups/macfarlaneparkcommunitygarden/ (by Jebson Street, public toilets & water available) https://www.facebook.com/RichmondCommunityGardenAvebury/ (by Avebury House, public toilets & water available)

A food forest needs to be connected to community gardens/schools. Trees need to come with care instructions & promote when fruit is ready to eat. Who will be responsible to water/feed/prune/treat against diseases/harvest the fruit?

- Suggestion: Permanent Pump Track?

## 2. Shirley Centre | Learning Libraries

The CCC has set the bar high on how to create architectural award winning libraries/community centres:

"Christchurch City Libraries has grown from a single room opened at the city's Mechanics Institute in 1859...The library's early customers were focused on reading for self-improvement and education, unlike today's library customers who also use its resources for leisure and recreation." (https://heritage.christchurchcitylibraries.com/Archives/52/Library150/History/)

- https://heritage.christchurchcitylibraries.com/Archives/52/Library150/Timeline/
- https://my.christchurchcitylibraries.com/the-mechanics-institute/

What if CCC also set the example for what happens inside? What happens inside the library has more impact on our communities. How? By creating Learning Libraries: citizen hubs where community education is the centre & the learning spaces are utilised by the Govt/CCC/Organisations as a central outreach to the residents in the surrounding communities.

Learning Libraries are 'schools in the community for everyone, all ages & stages of life are welcome.'

"The Council is committed to supporting education as a lifelong learning process with resources for parents, teachers, students and the public." (<a href="https://ccc.govt.nz/the-council/learning-resources">https://ccc.govt.nz/the-council/learning-resources</a>) "Christchurch City Libraries can help you explore new learning opportunities. Our librarians can offer assistance and show you key resources and our libraries provide spaces for you to access computers and study." (<a href="https://my.christchurchcitylibraries.com/lifelong-learning/">https://my.christchurchcitylibraries.com/lifelong-learning/</a>)

"The accessible physical space of the library is not the only factor that makes it work well as social infrastructure. The institution's extensive programming, organized by a professional staff that upholds a principled commitment to openness and inclusivity, fosters social cohesion among clients who might otherwise keep to themselves...Why have so many public officials and civic leaders failed to recognize the value of libraries and their role in our social infrastructure? Perhaps it's because the founding principle behind the library—that all people deserve free, open access to our shared culture and heritage, which they can use to any end they see fit—is out of sync with the market logic that dominates our time...Their core mission is to help people elevate themselves and improve their situation. Libraries do this, principally, by providing free access to the widest possible variety of cultural materials to people of all ages, from all ethnicities and groups."

- "The Reading in Mind book scheme provides selected books and other resources (e-books, DVDs and CDs) on a wide range of mental health and wellbeing topics. If you or someone you know is experiencing a mental health issue like anxiety, depression, post -traumatic stress disorder or worry, reading books on the issue can help you better manage your mental health and well being." <a href="https://www.pegasus.health.nz/your-health/useful-links-resources/reading-in-mind/">https://www.pegasus.health.nz/your-health/useful-links-resources/reading-in-mind/</a>

Community Education: "While You Wait"

How can we help people to deal with being put on a 'waiting list'? What small steps can they take each day to be proactive? What skills could they learn to distract themselves from focusing on their place/position on the 'waiting list'? What opportunities are there in the community to help them through this stage?

- $1. \ Health: (Referrals/Assessments) \ books, support \ groups, \ website \ links, Facebook \ pages/groups, \ medication \ info$
- 2. Housing: (Get Social Housing/Find Rental/Buy House) budgeting skills, rental/property market info, savings/mortgage info
- 3. Employment: careers advice (https://www.careers.govt.nz/), CV preparation, networking, self-employment info, WINZ info

Community Education: "Climate Change 101"

- Instead of protesting, start promoting! CCC needs to lead by example, showing residents that CCC decisions are focused first on buying/reusing/repurposing/recycling local.
- "strikers presented the Mayor with three local demands...they wanted increased funding for climate education in schools..." https://www.stuff.co.nz/environment/climate-news/124825753/christchurch-climate-strike-organisers-hopeful-after-meeting-with-mayor (see Page 5, 1.6 Shirley Centre | Location: EnviroSchools)
- Climate change is a big picture issue. How can we break it down into achievable practical day to day tasks/changes to the way we live in Christchurch?
- CCC 'Learning Through Action', can these programmes be made available for every resident? https://ccc.govt.nz/the-council/learning-resources/learning-through-action/list-of-programmes/
- 'Live Local, Go Local': promoting buying/renting home near where you work/go to school/play
- 'Where we live versus where we work' Christchurch: https://storymaps.arcgis.com/stories/6f8b5f981ad34f11bedaf1725e9cb698
- Eco Homes: how to add more eco friendly features to your existing home? Promote achievable ways: insulation, heating, lights, sensors, sorting bins, eco central, recycle/donate items, toilet/shower water usage, ev charging station, solar power, rainwater collection, washing car, watering garden, purchasing decisions, clothing purchases/donate/recycle/fix
- Transport: educate/promote different types of transport, providing ev charging stations at civic facilities, bike stands, connecting bus routes to where people go: civic facilities, libraries, community centres, swimming pools.
- Promotional materials: images/info that residents/community groups can share on their social media posts to promote practical day to day tasks/changes to the way we live in Christchurch.

In community building, the third place is the social surroundings separate from the two usual social environments of home ("first place") and the workplace ("second place"). Examples of third places would be environments such as churches, cafes, clubs, public libraries, bookstores or parks. <a href="https://en.wikipedia.org/wiki/Third\_place">https://en.wikipedia.org/wiki/Third\_place</a> In his influential book The Great Good Place, Ray Oldenburg (1989, 1991) argues that third places are important for civil society, democracy, civic engagement, and establishing feelings of a sense of place. Third places, then, are "anchors" of community life and facilitate and foster broader, more creative interaction. In other words, "your third place is where you relax in public, where you encounter familiar faces and make new acquaintances."

## 3. Shirley Centre | Legacy

"Have you ever thought about the legacy you're leaving your family, your community, your world? Most people never give it a second thought. But a legacy is something you're creating every day, whether you realize it or not. What exactly is a legacy? Webster's Dictionary defines 'legacy' as 'something transmitted by or received from an ancestor or predecessor or from the past.'" <a href="https://www.huffpost.com/entry/what-kind-of-legacy-are-y-b-951633">https://www.huffpost.com/entry/what-kind-of-legacy-are-y-b-951633</a>

"10 Shirley Road was the home for NZ Society of Genealogists - Canterbury Branch, for 21 years from February 1990 until the February 2011 earthquakes. We were hoping that a new Community Centre would be built on the same site to serve the local community in many ways, and possibly return 'home'." (We could incorporate the branch into the new library & learning spaces?) Fiona Lees, NZ Society of Genealogists - Canterbury Branch, Convenor, <a href="https://canterburygenealogy.wordpress.com">https://canterburygenealogy.wordpress.com</a>

"Our city has special needs with what we have been through in the last decade, where the community have shown how strong they can be supporting each other, and desperately need safe and welcoming meeting places to suit all needs."

"Established in 1968, that makes the [NZ Society of Genealogists] Canterbury regional branch the oldest in New Zealand...For Lees, that passion was wanting to know more about where she came from and what influences made her the person she is today." <a href="https://www.odt.co.nz/star-news/star-christchurch/genealogy-passion-and-addiction-christchurch-woman">https://www.odt.co.nz/star-news/star-christchurch/genealogy-passion-and-addiction-christchurch-woman</a>

My connection to 10 Shirley Road is literally about births & deaths. I attended antenatal classes at the centre over 13 years ago. My mum, Marie Duggan, attended the NZ Society of Genealogists - Canterbury Branch, where she spent many hours researching. Over 30 years ago, we worked together to research & create a family history book on Charles Duggan, my dad's first ancestor that arrived in New Zealand. "On 25th October 1862 the ship the 'Chariot of Fame' left England for Lyttelton. Charles Duggan was a cabin passenger (paying passenger). The 'Chariot of Fame' arrived in Lyttelton on 28th January 1863. The Mutual Improvement Society was founded in Christchurch in 1867 and Charles was elected librarian." from our 'Charles Duggan: Family History' book. My mum passed away in November last year, after a courageous journey for over two years with terminal cancer. My dad gave me her family history folders & the original family history book on Charles Duggan. I was only a teenager when I helped Mum turn her notes into a book, with my newly acquired desktop publishing skills. So last weekend I decided to reread his story & started researching online...https://collection.canterburymuseum.com/objects/710599/macdonald-dictionary-record-charles-duggan

"10. Time Capsule or Deposit for the rebuild of the St Albans Community Centre

5.4 The former St Albans Library building (1921) is of heritage significance on account of its association with the history of the early St Albans Mutual Improvement Association.

5.6 St Albans library service is one of the earliest suburban library services in Christchurch having started in 1867 on a different site (the central library was founded in 1959 [https://heritage.christchurchcitylibraries.com/Archives/52/Library150/Timeline/]) and operating for 76 years."

"Time Capsule Releases Contents: It contained a handwritten letter from the St Albans Mutual Improvement Association, outlining the history of the association and why it needed a new building. The letter contained a list of the members present at the first meeting." St Albans News Oct/Nov 2018, <a href="https://drive.google.com/file/d/1nhmLs6OX7jtjVRLrWLChUKzLqQovyvBl/view">https://drive.google.com/file/d/1nhmLs6OX7jtjVRLrWLChUKzLqQovyvBl/view</a> "This Library was founded on May 24th 1867 as a result of a public meeting held in the house of Mr David Lewis and was then described and known as The St Albans Mutual Improvement Association, the object of such Society being as recorded in the minutes. 'The mutual mental improvement of its members.' Classes for special studies of various subjects being formed, lectures on current topics, readings and discussions were also a part of the means devised for the advancement of culture and general knowledge. The names of the first committee and officers of the Society were as follows:- Librarian: Mr C [Charles] Duggan" <a href="https://stalbans.gen.nz/wordpress/wp-content/uploads/2018/11/Letter-inside-bottle-.pdf">https://stalbans.gen.nz/wordpress/wp-content/uploads/2018/11/Letter-inside-bottle-.pdf</a>

"Celebrations as new community centre opens in St Albans...The original foundation stone that was salvaged when the original building on the site was demolished is featured in the community centre. The contents of a time capsule unearthed during the demolition of the former building have also been placed on the site of the new facility." <a href="https://newsline.ccc.govt.nz/news/story/celebrations-as-new-community-centre-opens-in-st-albans">https://newsline.ccc.govt.nz/news/story/celebrations-as-new-community-centre-opens-in-st-albans</a>

I had already planned to go to the opening of the new St Albans Community Centre, but finding the connection to my ancestor the night before, it made for a proud moment as Charles Duggan's greatgreatgreatgranddaughter. It is not every day you get to listen to speeches about the history & the legacy that he played a part in, connecting our family to the St Albans community forever.

Our Christchurch ancestors created a place for learning, the original Shirley Primary School, then Shirley Community Centre at 10 Shirley Road, that became part of our communities identity and our own memories, until it was demolished in 2012.

This location is a very visible historic landmark at the beginning of Shirley Road. Leaving it empty without a community centre, is a constant reminder of what we have lost, that we have been forgotten & have no community legacy for the future generations.

"Be a good ancestor. Stand for something bigger than yourself. Add value to the Earth during your sojourn." Marian Wright Edelman

Q. Land bank 10 Shirley Road or create a legacy?
A. Your vote can make a difference. Please support our local communities & vote for funding a new centre to be built on 10 Shirley Road. We have the opportunity now to be a part of creating the legacy we leave to our descendants now & in the future.
